points Robert Parker/Wine Advocate

"The 2007 Rosé of Malbec is medium pink with an expressive bouquet of strawberry and cherry. The wine is medium-bodied, ... dry in style, has rich flavours, excellent acidity, and a lengthy finish. Drink this remarkably food-friendly wine over the next 1-2 years. Susana Balbo's Crios offerings ... rank among the best values from my Argentina wine tastings. All of the Crios wines are outstanding values."

— *The Wine Advocate*, Issue 174 / December 2007

Crios Rosé of Malbec is produced using the traditional "saignée" method, a bleeding of the lightly-colored juice from the skins of fermenting old-vine Malbec grapes at just the right time to generate a brilliant red color. Old-vine Malbec grapes create a richer, spicier wine than most other rosés from around the world.

This wine has a beautiful, deep, vibrant rosé colour, and a surprising amount of body for a rosé wine with beautiful aromas of fresh, ripe wild strawberries. On the palate, the flavours of strawberries and cherries come rushing in, accompanied by some spice notes and a clean, dry finish. This is the wine to serve with warm-weather meals with a mix of traditional white & red wine foods. A delicious wine to enjoy with light snacks and cheeses. Best consumed in its youth.

Technical Data

Malbec 100%
Vineyard: Agrelo
Acidity: 6.05 g/l
Average age of vines: 29 yrs (ungrafted)
Manually Harvested
Special Handling: Saignée of Malbec
